Students learn proper breathing techniques, biomechanics, and postural alignment. All classes offer options to accommodate new students and challenge continuing students.

BODYPUMP: is a weights class for absolutely everyone. Using light to moderate weights with lots of repetition (reps), BODYPUMP gives you a total body workout that burns many calories.

BODY PUMP EXPRESS: This 45 minute full-body barbell workout will burn calories, shape and tone your entire body, increase core strength and improve bone health.

BOXING: Increase your speed, agility, and strength and be prepared to sweat in this boot camp style interval training boxing class. Hand wraps not required, but highly recommended. You must bring your own gloves. This class is suitable for all fitness levels and no experience is necessary. \$\$Premium class requiring additional fee.

CARDIO BURN & BUILD: This complete body workout class presents a fun, effective way to lose fat, tone muscles and improve body awareness and flexibility. Various types of equipment including weights, bands, and mats are provided.

CHAIR YOGA: A gentle class adapting yoga poses with a chair. This class cultivates awareness and deep relaxation through meditation, breath work, and gentle stretch-es all without the stress of getting up and down off the floor.

FAMILY ZUMBA (AGES 8+): Be prepared to move to hypnotic Latin and international rhythms. You'll enjoy this awe-inspiring, muscle-pumping, caloric-burning blast as you lose yourself in the music and find yourself in shape. POWER YOGA: A dynamic and fast-paced style of yoga that provides a great full-body workout to enhance strength, flexibility, posture, and mental focus. Poses are done one by one by connecting with the breath, warming the body, and raising heart rate. The body's range of motion will be challenged with both seated and stand-ing postures, twists, backbends, forward folds, and hip openers.

SILVER SNEAKERS®: Have fun and move to the music through a variety of exercises designed to increase muscular strength, range of movement, and activity for daily living skills. Hand-held weights, elastic tubing with handles, and a ball are offered for resistance, and a chair is used for seated and/or standing support.

Strength & Conditioning: This small group personal training offer is perfect to help members to establish an understanding and practice of safe, and effective strength and conditioning exercises, under the guidance of a certified personal trainer. Suitable for all levels of conditioning.

VINYASA YOGA: Commonly referred to as "flow" yoga, Vinyasa is a style of yoga characterized by a connected sequence of poses used throughout the class so that you move seamlessly from one pose to the next.
